KLEEMANN Design Package

The KLEEMANN design service package is a three-part process that promotes creative communication among all project stakeholders, allowing exploration of new design ideas, products, and materials to enhance overall performance and quality standards.

3D Rendering

- Analyzing and understanding the technical and aesthetic requirements of the project.
- Providing architectural collaboration and guidance in designing cabins, doors, operating panels and tiling of the lift.
- Creating customized proposals through 3D photorealistic renderings, to ensure that the final design meets the client's expectations.

Real Project

Customized Design Expertise

KLEEMANN enjoys a favorable worldwide reputation for its customized design expertise. With a wealth of experience gained from demanding projects, KLEEMANN excels in tailor-made solutions for unique requirements.

Alongside a diverse range of standardized cabins, KLEEMANN provides reliable, efficient, precise, and cost-effective responses to any specifications.

At KLEEMANN, a dedicated Design Team serves as the driving force behind the development of custom cabins for even the most challenging projects.
