Always in motion

We manufacture lifts inspired by human needs. We offer pre-engineered or fully customised solutions that fit any-scale project around the world. KLEEMANN lifts are about a whole new vertical mobility experience.

Company Overview

Founded	1983
Headquarters	Kilkis, Greece
Global Reach	100+ countries

Worldwide presence in more than 100 countries

- Manufacturing facilities in Greece, China and Serbia
- Local Presence

12 companies around the world in Greece, United Kingdom, Australia, USA, Germany, Serbia, China, Turkey, Cyprus, France, Belgium & Romania

Our Vision

We are a world leader in the manufacturing of lifts. We achieve constant growth and success by investing in innovation, infrastructure, and our people.

Our values

Our values form an integral part of our company's activities. They are reflected in our management model and entire range of operations, through the initiatives we daily undertake.

Product Range

Passenger Lifts	Standard or custom, hydraulic or traction, Machine room or MRL, up to 4 m/sec		City 100 City 300 City 400 FlexyLIFT R	Atlas Basic Atlas RPH R Atlas Gigas R HRS
Freight Lifts	Heavy-duty solutions for loads up to 30 tons		Hydraulic	Atlas Super Gigas
Home Solutions	Customised solutions for residential use		Maison100 E Maison100 H	Maison200 H MaisonLIFT Plus
Modernisation Solutions	From full replacements to targeted upgrades to improve performance and aesthetics			
Escalators & Moving Walks	Efficient people-moving solutions for high-traffic environments	Escalators	KEC Commercial	KEH Heavy Duty
		Moving Walks	KTC Commercial KTH Commercial	KTW Heavy Duty
Anti-vandal Lifts	Designed to endure abuse in demanding public spaces			
Fire fighting Lifts	Made for firefighter operations to evacuate people safely in fires
